

## Curriculum Intent Statement for Music

*"Our school is a church school with strong Christian foundations. We aim to provide the very best for every child in our school and to help them to reach their potential within a safe and secure Christian environment. Our current Vision is based on the school needs at the current aim and is based on:*

*"Be kind and compassionate to one another, forgiving each other, just as in Christ, God forgave you." Ephesians 4:32*

*St George's Church of England Primary School - supporting each other to courageously flourish, within our community, armed with our shield of Christian values. Be Kind. Be Compassionate. Be Forgiving."*

### Our School Intent

At St George's Primary School, we believe that the curriculum should:

- deliver a depth and breadth of learning
- excite and engage children
- be relevant to the school's improvement journey
- allow children to embrace challenges with resilience
- develop children who show compassion to all

Our curriculum aims to provide for progression through a balance of knowledge and skills across a combination of discreet teaching and robust cross curricular links. It will be made accessible to all children in a fully inclusive manner.

The whole curriculum should also contribute to children's moral, social, cultural and spiritual development in support of our vision for the St George's School community.

### Curriculum Intent

At St George's we value music because it is a most powerful and unique form of communication that can change and impact the way children feel, think and act. We believe that teaching music helps the body and the mind work together. Exposing children to music during early development helps them to learn the sounds and meanings of words. Dancing to music helps children build motor skills while allowing them to practice self-expression. We believe that

every child should have the opportunity to develop their musical potential and we aim to nurture and encourage musical development across the school.

## **Implementation**

Our whole curriculum is shaped by our school vision, which aims to enable all children, regardless of background, ability, additional needs, to flourish to become the very best version of themselves they can possibly be.

We teach the National Curriculum, supported by a clear skills and knowledge progression. This ensures that skills and knowledge are built on year by year and sequenced appropriately to maximise learning for all children.

During the year, all children will have the opportunity to develop their understanding, skills and techniques in music. We are very proud of our singing achievements at Seend. We welcome parents to our annual music concert and productions throughout the year to share the musical ability we have at our school.

Our peripatetic teachers who come into school to teach music lessons are giving opportunities for children to learn and develop their skills from an experienced specialist teacher. These teachers are; guitars and singing.

We intend to use the current DFE guidance *Model Music Curriculum; key stage 1 and 2* (March 2021) to develop our music offer.

## **Impact**

Children to have a rapidly widened repertoire which they will be able to use to create original, imaginative, fluent and distinctive composing and performance works.

This will be evident through;

- A musical understanding underpinned by high levels of aural perception, internalisation and knowledge of music, including high or rapidly developing levels of technical expertise.
- Very good awareness and appreciation of different musical traditions and genres.
- An excellent understanding of how musical provenance - the historical, social and cultural origins of music - contributes to the diversity of musical styles.
- The ability to give precise written and verbal explanations, using musical terminology effectively, accurately and appropriately.
- A passion for and commitment to a diverse range of musical activities.
