

Sports Premium Funding Statement 2021-2022

The planned use of the sports' funding at St George's C .of E Primary School is being used **to promote increased health and physical activity** across the school. The school works on the belief that if children are more healthy and active, then they are fitter and more alert. **Healthy, active, fitter and more alert children will have higher attendance and will have greater engagement in lessons resulting in higher achievement.** We also believe that children who enjoy and achieve success in P.E. at Primary School will **continue to participate in sport and progress at Secondary School and into adulthood** and therefore **the benefits will be longer lasting.**
